The American Society of Military Comptrollers Institutional-Based Excellence in Research Award Competition

Awards

ASMC offers two levels of recognition:

- ★ an ASMC Award for Excellence in Research (Graduate Level Program)
- ★ an ASMC Award for Excellence in Research (Continuing Education Program)

The ASMC, in cooperation with participating Service Schools, has established this recognition program to encourage research that enhances the body of knowledge in the Comptrollership disciplines. The ASMC will give a maximum of one award for each Service School that participates in the program.

Award Benefits

Each winner will receive:

- ★ an engraved ASMC plaque
- ★ a one-year membership (or membership renewal) in ASMC
- ★ recognition at the Annual Professional Development Institute

In addition, the research topic will be publicized through the ASMC web page and the *Armed Forces Comptroller* magazine.

Nomination Requirements

Each institution may select one award per graduating class. Every entry must meet the following requirements:

- ★ The nominee must have attended or be a graduate of one of the participating Service Schools. Membership in the ASMC is not a requirement for nomination.
- ★ The topic must represent sound scholarship and must be of general interest to the military comptroller community or one of its principal disciplines, e.g., accounting, program/budget, or cost analysis.
- ★ Entries are not limited to a particular kind of research.

Nomination Process

Each Service School will follow its procedures for reviewing student research and for selecting candidates for the award. ASMC will provide suggested criteria for judging the research upon request. After selecting the candidate(s), the Service School will notify the ASMC Research Committee of its selection. The following materials should be submitted with the notification:

- ★ A letter from the Service School point-of-contact that confirms the quality of the research work and that specifies the criteria used for selection
- ★ Application for 1-year complimentary membership (or renewal) in ASMC
- ★ An abstract of the research work and a copy of the research paper
- ★ Logistical requirements regarding the plaque (engraving, shipping, time lines, etc.)

***For additional information about the program, contact Dr. Ron Adolph, Chair,
ASMC National Research Committee, via e-mail at adolpbi@osd.pentagon.mil or (703) 602-0400.***
